## 二零一三年最有價值的禮物

**WHY IS 80 TODAY'S 20?™**

LifeVantage®  
**PROTANDIM®**  
the Nrf2 Synergizer™

**TRUESCIENCE™**

**A SCIENTIFIC BREAKTHROUGH**  
Reduce Cell Aging in 30 Days

Visit: [www.abcliveit.com](http://www.abcliveit.com)

**Protandim®** is U.S. patented on the specific ratio of 5 herbs that reduce oxidative stress by an average of 40%.

 <b>Milk Thistle</b> Supports liver health.	 <b>Bacopa</b> Increases SOD and catalase production. Protects mental function and improves learning skills.	 <b>Green Tea</b> Increases metabolism, burns fat.	 <b>Turmeric</b> Provides a healthy response to inflammation, attracted the attention of researchers in the field of Alzheimer's disease.	 <b>Ashwagandha</b> Improves physical energy, athletic ability, sexual capacity and fertility. Increases immunity to colds and infections, improves memory, and alleviates stress.

Our body's are attacked by 130,000,000,000,000,000,000,000 free radicals daily. A direct antioxidant (Vitamin C, Vitamin E, Blueberries, Acai Berries) eliminates free radicals 1:1.

**Protandim®** turns on our own body's enzymes to eliminate 1 million free radicals per day.

**Your body is like a House on Fire!**

A direct antioxidant is like throwing a cup of water on the burning house to put out that fire.

**Protandim®** is like having a fire hose in every room of the house putting out that fire.

**Dr. Joe Milton McCord**

Joe Milton McCord (born March 3, 1945) is an American biochemist. While serving as a graduate student, he and his supervisor Irwin Fridovich were the first to describe the enzymatic activity of superoxide dismutase. McCord has been a member of the board of directors of the LifeVantage Corporation (makers of the dietary supplement Protandim) since 2006.

### Academic Background

McCord received a B.S. degree in chemistry from Rhodes College (grad-

uated 1966) and a Ph.D. in biochemistry from Duke University (graduated 1970), where he also conducted postdoctoral research.

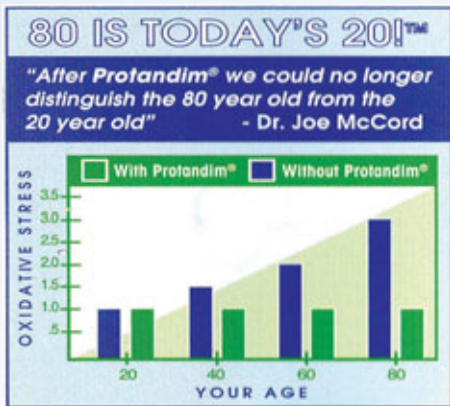

McCord has held biochemistry faculty positions at Duke University Medical Center, University of South Alabama, and the University of Colorado Denver.

McCord is a past recipient of the Elliott Cresson Medal, the Discovery Award from the Society for Free Radical Biology and Medicine (SFRBM), and a Lifetime Achievement Award from the Oxygen Society. He holds an Honorary Doctorate

from the University of Buenos Aires and has served as Honorary President of the International Society of Antioxidants in Nutrition and Health (ISANH) and as Chairman of the Third International Conference on Superoxide Dismutases at the Institut Pasteur.

### LifeVantage/Protandim

McCord has served on the board of directors (Director of Science) of the LifeVantage Corporation since 2006 and is listed by the SEC as an insider shareholder. LifeVantage is a Utah-based multilevel marketing company that distributes an antioxidant dietary supplement known as Protandim. McCord has co-authored 7 studies on the product and participates in distributor training. McCord served as Chief Scientific Officer for LifeVantage from June 2011 until September 2012, and then became a member of the company's science advisory board.
