規定，出國人員回國以後一定要服務三年，那年頭出國熱，1989年，我被紐約市立大學錄取，專業攻讀表演(先要學習語言)，由於沒有得到簽證，1991年就以陪讀身份來了美國。這次去紐約非常奇遇：我已經買了機票，因為出了意外，就取消了，就在最後幾天，好像上天安排非去不可，正巧克里夫蘭朋友高華要送一輛車到紐約。我就答應他開到紐約。巧了，ITM的總裁 Jack 也有事情要去紐約，我們三人就高興開着車去紐約了。

小時候聽外婆說：女孩子結婚前再好的生活也不是好生活，只有結了婚以後才是你真正生活的開始。1988年我結婚後，想着新的生活開始了。

“The future is very bright for US and China’s global interests to enhance prosperity through Cross Cultural Exchange in their respective countries and around the world to enhance the human condition. In-fact, what we read and hear in the news today regarding USA and China relations, if you did the research, is history repeating itself in perfect harmony with Germany and Japan decades ago when they become the second and third new number two economies on earth preceding China.” – ITM Chairman/CEO Jack Cracium III

The dedication of ITM’s The First Dragon? Global Chinese Cross Cultural Exchange Enterprises to establish a global platform from which the cultures of both East and West can find paths to mutual understanding and cooperation was powerfully advanced in 2018, the Year of the Dog, through the significant achievements of the ITM Ltd. (Group), its Strategic Alliances, and their focus on China’s influences in finance, media, economic development and cross-cultural exchange programs in major global markets.

The ITM Strategic Alliances are focused on globally expanding the

Now, with great promise to enhance recognition and economic reward on the horizon in the new year, the global broadcasting network “World PeaceEver TV International Media Group,” (a Non-Governmental Organization (NGO) member of the United Nations in Consultative Status with the UN Economic & Social Counsel (ECOSOC)), has opened the door to its becoming the global broadcasting network strategic alliance with ITM in its association with the Erie Chinese Journal and the ITM- China Finance & Industry Group Strategic Alliance with Dr. Tang Jinlong.

ITM accomplishments of this past year, in association with its Strategic Alliance with the China Finance & Industry Group (CFIG) and its founder & Chairman, Dr. Tang Jinlong, have advanced new and powerful economic development opportunities in the 65 third-world nations that comprise the One Belt One Road initiatives, most significantly with the precedent setting re-organization of Yun Lian Hui, a 34 billion RMB financial technology company which operates innovative and successful coalition reward and referral marketing programs with a base of 8 million active members around the Pacific Rim.

China-based Yun Lian Hui’s innovative and successful multi–

national referral marketing “consumption business model” came under the scrutiny of security officials in Guangzhou, China in the spring of 2018, at the same time the Strategic Alliance between ITM and the China Finance & Industry Group (CFIG) was established. Dr. Tang Jinlong, Chairman of the Dehuai Law Firm, became the Chief Legal Counsel to Yun Lian Hui (YLH), and together, Dr. Tang and ITM Chairman/CEO Jack Cracium III, a globally recognized China Specialist, began advising and consulting the re-organization of Yun?Lian Hui (YLH) and its China/Asia and global market business model.

During meetings held in Beijing through May, June and July at the CFIG and Dehuai Law Firm offices, Dr. Tang and Jack Cracium met with numerous Yun Lian Hui senior representatives, distributors, and investors to establish the legal strategy to reinstate Yun Lian Hui as a global China unicorn enterprise.

In late May and early June, Dr. Tang Jinlong wrote the book that told the story of the birth and early evolution from Guangzhou into China, and then into Asian markets, of the vastly successful Yun Lian Hui (YLH) business model and its economically rewarding Referral Marketing Programs consisting of the sales and distribution of consumer product, services, and loyalty programs.

Dr. Tang, in consultation with Mr. Cracium, established the YLH legal defense strategies for validating the legality of the YLH business model. The strategies included ITM’s (and its Chinese Advisors) valuable “12 point” legal defense outline to prove the validity of the model’s legality. Mr. Cracium’s valuable recommendations also included the establishment of a Yun Lian Hui “Member Association” and soon thereafter Dr. Tang was also chosen to represent the founder and Chairman of YLH.

Mr. Cracium’s recommendations were based on his knowledge of similar events and favorable outcomes which occurred many decades ago in the United States and Europe with companies that had similar economically rewarding “Referral Marketing Programs” that included loyalty product and services programs of a typical “Consumer consumption” business models - based on sales and distribution through independent distributors -- referral-marketing representatives.

The YLH Member Association was immediately established and the (Members) Cooperation Agreement was finalized during the last week of June, 2018, by Dr. Tang, Mr. Cracium, and YLH leaders, members and investors from China/Asia
