Dr. & Mrs. Teh-Kuang and Grace Chang Diamond 60th Wedding Anniversary

October 11th 2019 marks the Diamond Wedding Anniversary of Dr. & Mrs. Teh-Kuang and Grace Chang. Married on October 11, 1959 in Los Angeles, California, Dr. and Mrs. Chang, well-respected and cherished members of the community, celebrate their 60th Wedding Anniversary in Muncie, Indiana, their home since 1966.

Dr. Chang, a Professor of Political Science at Ball State University, first met Mrs. Chang, a respected Certified Public Accountant, at a new year's eve party in

Taipei, Taiwan at the cusp of 1956. Dr. Chang not only had to fend off Mrs. Chang's many suitors, but also had to gain the approval of her Shanghaiese parents and four siblings before a courtship could begin. The budding romance became a three-year long-distance relationship when Dr. Chang went to study at the University of Washington in Seattle. They became engaged on March 17, 1956 and wed on October 11, 1959, when Mrs. Chang joined her fiancé. They later moved to Washington, D.C., where Dr. Chang completed his Ph.D. in International Relations with straight A's from The American University.

After living in Seattle, Los Angeles and Washington, D.C., Dr. Chang accepted a professorship at Ball State University in Muncie, Indiana, for the newlyweds to pursue a new life and start a family. Muncie immediately reminded him of his Changting, Fujian hometown in the Chinese countryside, and so the young couple stayed and made the America Midwest their home for over 53 years.

Dr. and Mrs. Chang's family now includes four children and four grandchildren. Angelo, and his wife Darlene, are career diplomats currently serving overseas with their children Sabrina and Dylan. Angelina is America's first female Grammy Award-winning pianist and Professor of Music and Law and Coordinator of Keyboard Studies and Chamber Music at Cleveland State University. Angelina, who works in the field of healthcare management at Providence Health and Services, lives in Los Angeles with husband Ron Escopete, an executive in the shipping industry, and their amazing award-winning daughters Veronica and Verity. Angel, a pioneering womenswear fashion designer, merges ancient craftsmanship translated into modern design (www.angelchang.com) is based in New York.
