

NCAA ATHLETES LIGHTING UP THE SPORTS WORLD WITH GLOWBALLS

When it comes to NCAA basketball players, sports fans know that sharpshooters Antoine DAVIS and Armaan Franklin are players that commentators say can "light it up".

That is basketball language that translates to being able to score a lot of points, and being able to excite the crowd with excellent shooting performances.

But now, with their new name, image, and likeness agreements both of these young players can truly "light up" the basketball scene.

Both Antoine DAVIS and Armaan Franklin have their own customized glow basketballs, basketballs that light up and glow on the camera lighting. The glow basketballs have been a huge success in China once they were brought to the market by former NBA superstar Stephon Marbury.

The NCAA passed a rule in July 2021 that allows amateur athletes to benefit from their name image and likeness,

and Davis and Franklin are the first to American Athletes to have their own Glow-Ball products

Antoine DAVIS is a 6 foot one point guard that plays basketball at the University of Detroit Mercy. An excellent three point shooter, Davis broke all of NBA superstar Stephen Curry's three point shooting records for freshman in the NCAA. Davis needs 81 three-pointers this season so

to become the NCAA's all-time leading three point shooter in history, and needs a little over 3000 total points to become the NCAA's all-time leading scorer, breaking the record of pistol Pete Maravich.

Davis was the first NCAA athlete

to get his own custom glow basketball through the name image and likeness agreements. His basketball features his trademarked logo of him shooting a jump shot.

The black leather blend texture ball has his glowing logo throughout, creating a colorful exciting pattern when used.

His GlowBall is available at chinahoops.net

Armaan Franklin is a 6 foot 4 inch shooting guard at the University of Virginia. Franklin transferred to the Virginia Cavaliers after playing as a starter for the Indiana Hoosiers. Franklin is one of the most exciting players in the conference, and one of the leading scorers for the Virginia basketball team. He is always a three point threat, and his intensity makes him a fierce defender to all of his opponents.

Franklin's basketball is a two toned ball, with a white and gray is rainbow texture. GlowBall has a silhouette logo of himself crossing a basketball over, with his hair flopping up from the momentum of the wind. His name "A FRANKLIN" is across the paneling of the ball above the logo. The ball is available at armaanfranklin-

hoops.com

With the players being on teams in different cities, the basketball will be marketed to the fan bases of each respective team.

With the NCAA basketball season starting soon, sales are expected to peak between the month of October and April. The name, image, and likeness Agreements made for these NCAA players has been arranged by TGBTG Sports, a sports management group with offices in Houston Texas and Shanghai China. TGBTG Arrange the manufacturing terms with the factories in China to produce the products, and got the agreements for the players to get paid to get approved through each schools NCAA compliance office. According to the NCAA rules, all of the agreements where amateur players receive compensation have to be reviewed and approved by a compliance officer at each school

"I am glad to work with Antoine DAVIS and Armaan Franklin with this glow basketball project," said Cyril White, director of TGBTG Sports management group. "I have known these young men before they were NCAA players, and it is a privilege to work with them in this professional way. I hope people will go and support them and buy their basketball so they can earn as much as possible from this opportunity."

咱節目很棒!~ 匹茲堡中華文化語言學院 參加第七屆“匹茲堡文化節”的演出

咱節目很棒!
第七屆“匹茲堡中華文化節”於今天開鑼!

“匹茲堡中華文化語言學院”對這個匹茲堡華人自己的文化活動一向十分支持並每次選派文藝節目。

今天的為文化節貢獻的節目是少兒合唱“早春風吟蒲公英”，這是一首關於中國古典詩詞“韻”的傳唱。

對中華文化的傳承，是“匹茲堡中華文化語言學院”全體師生家長的任務，她們的追求是：“培養未來世界需要的華語人才，探索屬於未來世界需要的中華文化。”

這次節目的安排讓校長、老師、家長和學生有點犯難，原本安排演出的幾位學生，都因有另外更重要的安排不能參加這次演出。校長老師家長們，進過緊張的調整，對參演學生重新安排。並採取分散練習在演出前集中配合，之後有條不紊上台演出。

我們一位家長校董在看完演出後，給我微信里發了一個笑臉和五個字

“咱節目很棒!”
是的，在學校老師群里在因故對演出做出調整安排的時候，我就預料，咱們的孩子很棒，她們的演出一定很棒!

對孩子有充分信任，孩子便有充分自信!自信加認真，沒有做不好的事情!

為我們學生驕傲!
為我們家長驕傲!
為我們老師驕傲!
為我們學校驕傲!

又見楊玲

《蝶戀花 又見楊玲》

第七屆匹茲堡中華文化節，幸請楊玲老師，到場演出。一段昆曲《遊園 皂羅袍》唱段，給文化節帶來傳統和高雅。與楊玲老師兩年八個月沒見。此見驚嘆楊玲老師駐顏有術，竟然年輕許多。

藍青衣裳眉目秀
姣若仙女，雖聲繞依舊。
真似香閣遊園倦
秋風一日皂羅袖

台前一曲一醉耐。
台下娉婷，人比黃花瘦。
因何麗娘是豆蔻。
我嘆臨年伊駐壽。

注：遊園倦~遊園指昆曲戲目“遊園驚夢”；倦，讀zhou，愁苦、煩惱。
皂羅袖~指昆曲“遊園”中的“皂羅袍”唱段。袖代袍為押韻。
人比黃花瘦~借李清照詞義，形容楊老師的美貌。
麗娘~“遊園”曲目中的主角杜麗娘。

娘。
豆蔻~女孩子十三、四歲時。
臨年~指老年。
駐壽~卻老，凍齡。
