The Children, Youth, & Family Services

The Children, Youth, & Family Services department empowers families to grow and thrive through a collection of resources and programs aimed at academic enrichment, advocacy, and parenting support.

The Children, Youth, & Family Services Department, known as CYF, is focused on providing activities specialized to children and youth. CYF provides programming for pre-K through 12th-grade development, acculturation, academic support, and enrichment through a culturally competent lens by creating opportunities for positive peer experiences and leadership building. As ASIA's oldest social services department, we arrange language-specific peer support groups for women, parenting educa-

tion, and advocacy for refugee/immigrant parents of children and youth
